

Dear Donor,

Like every month, we have helped many underprivileged people in **March 2020**. We feel gleeful when we share our activities with you, and we hope that maybe our efforts will encourage you to do something for the helpless souls. With time, we have realized that real happiness lies in making others happy. If we look at this month, we have **distributed food, eye checkup camps prior to lockdown** at various schools for poor people. Here, we are sharing some of the images with you in which you can see how our team is working. Thanks for your blessings and support.

Thanks & Regards,
Mother Concern Team
