Aahar- Food Distribution Drive

Aahar- Food Distribution Drive

It is important for people to realize that we can make progress against world hunger. Providing food can save the lives of thousands of people.

The value of giving is often deeper than just the support as we believe, we have started a new initiative of OPD support for economically weak people. Sharing the OPD case we supported this month.

We want to create a bond of empathy needed to make the world a better place, we can do it together.
